

## New Color Palettes for Repainting Homes

As our homes age, many residents have inquired about repainting their homes and were disappointed to learn that there are not color palettes for each neighborhood while others were considering making the change to more modern colors.

To provide some examples of more modern color schemes that would fit in Hiddenbrooke, HARC worked with a representative from Sherwin-Williams to come up with some samples residents can consider. ( [click here for example](#)). These color schemes were approved by HARC and the HPOA Board and are to be used as follows:

1. The color combinations are only suggestions for those residents looking for ideas. The HARC Chair and or Committee members will have copies of the booklet to loan residents as well as the booklet included here.
2. If one of the color combinations is chosen, an application and fee are still required for HARC review to ensure the colors are compatible with the roof materials and not the same as other nearby neighbors. In this case, the application does not need to include brush out samples. **Please note:** Some of the new palettes are not appropriate for every neighborhood for instance, black shutters are not used with Mediterranean style homes but do fit in with the homes in The Villages.
3. A resident may choose to retain their current colors or choose new colors but both are subject to a HARC application and review. Refer to the Hiddenbrooke Landscape and Design Guidelines, Chapter 4, Section A2, Subsection 5B.
4. As a reminder, homes that are retaining the same color or have the approval from their local HOA ( The Villages, Fairway Villas, the Reflections and the Summit) do not have to pay a fee.
5. Please email HARC if you have any questions: [hharc@protonmail.com](mailto:hharc@protonmail.com)
